NOTES ON MORTGAGE COMMITMENT CONTINGENCY CLAUSE FOR RESIDENTIAL CONTRACT OF SALE

- WARNING:** The mortgage Commitment contingency clause for the Residential Contract of Sale is a bar association form that attempts to provide a mechanism that makes the rights and obligations of the parties clear in sale of residences in ordinary circumstances. It should be reviewed carefully by Seller and Purchaser and their attorneys in each and every transaction to make sure that all the provisions are appropriate for that transaction. Negotiated modifications should be made whenever necessary.
- Under the clause, the obligation of Purchaser to purchase under the contract of sale is contingent on Purchaser's obtaining a mortgage Commitment letter from an Institutional Lender within the number of days specified for the amount specified. This refers to calendar days. Seller's attorney should state his/her calculation of the Commitment Date in the letter delivering the executed contract to Purchaser's attorney, to prevent confusion later. Purchaser should promptly confirm or correct that date. In applying for a loan, Purchaser should inform its lender of the scheduled date of Closing in the contract and request that the expiration date of the Commitment occur after the scheduled date of Closing. Purchaser must comply with deadlines and pursue the application in good faith. The Commitment contingency is satisfied by issuance of a Commitment in the amount specified on or before the Commitment Date, unless the Commitment is conditioned on approval of an appraisal. If the Commitment is conditioned on approval of an appraisal and such approval does not occur prior to the Commitment Date, Purchaser should either cancel the contract or obtain an extension of the Commitment Date. If the Commitment is later withdrawn or not honored, Purchaser runs the risk of being in default under the contract of sale with Seller.
- If there are loan terms and conditions that are required or would not be acceptable to Purchaser, such as the interest rate, term of the loan, points, fees or a condition requiring sale of the current home, those terms and conditions should be specified in a rider.
- This clause assumes that initial review and approval of Purchaser's credit will occur before the Commitment letter is issued. Purchaser should confirm with the lender that this is the case before applying for the Commitment.
- If, as has been common, the Commitment letter itself is conditioned on sale of Purchaser's home or payment of any outstanding debt or no material adverse change in Purchaser's financial condition, such a Commitment will satisfy the contract contingency nonetheless, and Purchaser will take the risk of fulfilling those Commitment conditions, including forfeiture of the Downpayment if Purchaser defaults on its obligation to close. Under New York case law, a defaulting Purchaser may not recover any part of the Downpayment, and Seller does not have to prove any damages. If Purchaser is not willing to take that risk, the clause must be modified accordingly.
- Purchaser may submit an application to registered Mortgage Broker instead of applying directly to an Institutional Lender.
- This clause allows Seller to cancel if a Commitment is not accepted by Purchaser by the Commitment Date, unless Purchaser timely supplies a copy of the Commitment, to allow Seller the option to avoid having to wait until the scheduled date of Closing to see if Purchaser will be able to close. Seller may prefer to cancel rather than to wait and settle for forfeiture of the Downpayment if Purchaser defaults. Because of Seller's right to cancel, Purchaser may not waive this contingency clause. This clause means that Purchaser is subject to cancellation by Seller even if Purchaser is willing to risk that he/she will obtain the Commitment after the Commitment Date. Some Purchasers may not want to be subject to such cancellation by Seller.
- Purchaser may want to add to paragraph 21(c) that Purchaser's reimbursement should include non-refundable financing and inspection expenses of Purchaser, which should be refunded by Seller if Seller willfully defaults under the contract of sale (alternative: If Seller is unable to transfer title under the contract of sale).
